

Place: Mars.
Time: March ,2044.
Humans have succeeded in establishing the first colony on Mars after 20 years from the first landing in 2024, thanks to the endless efforts of SpaceX led by Elon Musk.
Elon Musk is enjoying his time with his friends in a Club on Mars, they were cheering and decided to play a game, and the loser would have to leave the planet, unfortunately Elon was smoking marijuana, he was high.
